WHO WE ARE

One company. Multiple solutions.

Eagle I Facilities Management provides professional security, cleaning and operational support for businesses, venues and organisations across the United Kingdom.

From a single shift to a coordinated service package, we bring the people and practical support your site needs under one point of contact.

Our team starts with your location, opening hours, priorities and responsibilities. We then discuss the right mix of services, staffing and handovers for the way your operation works.

Clear scope

Agree the duties, times and site needs before work begins.

Coordinated delivery

Plan access, briefings and communication across services.

Additional UK locations can be discussed according to your requirements and staff availability. The listed areas are service locations, not additional offices.

HOW WE WORK

Clear requirements. Coordinated support.

Every assignment starts with a practical conversation about the site, the people involved and the standards expected.

01 / BRIEF

Understand the requirement

Agree the service, location, timings, duties, access points and on-site contact.

02 / PEOPLE

Match the right roles

Discuss experience and any licence or role-specific checks required for the work.

03 / DELIVERY

Coordinate the shift

Brief teams, plan attendance, handovers and communication for the agreed scope.

04 / FOLLOW-UP

Keep one line of contact

Share changes and follow-up needs with the EIFM contact coordinating your support.

FOR SECURITY & FM PROVIDERS

Staffing partnerships

Discuss licensed personnel, door supervision, guarding, event teams, night shifts and short-notice cover. Labour supply and formal subcontracting are assessed as separate arrangements, with relevant responsibilities and approvals confirmed before work begins.
